# ABOUT BELVEN CONTROLS

## BELVEN CONTROLS, BEYOND VALVES

**B** is a brand originated from Belgium since 1974, which is trusted for nearly 50 years with a wide following around the world. Now Belven Asia becomes independent and keeps developing with professional partners in different continents. We have been committed to quality and process efficiency for valves in different sectors such as critical general process industries, water works and construction & building. Client-oriented and solution-focused, we dedicate to deliver integrated solutions of flow control products to clients and that go beyond just valves.

## IN VALVES WE TRUST

To meet and exceed the expectations of clients in our major active sectors, Belven Controls offers a wide range of valve types including Pneumatic & Electric Actuated Valves, Regulating Valves, General Valves... and other ancillary valve accessories, as well as world-class quality products that are multi-standard, certified and applicable in many different regional markets. We innovate strategies on commercial level, product level and supply chain level. We build trust with our clients, and trust creates efficiency in the whole value-added chain.

## LINKING THE WORLD

As Belven Group we have facilities and partners in China, Italy, Holland, Singapore, Russia, Malaysia, USA, Canada and many other countries. They are valve experts with continuously cumulated and updated product knowledge & experiences from different industries. These keep enriching Belven associates becomes a value link to the valve world.

## MESSAGE TO OUR CLIENTS

The reason our clients and agents trust us so much, is our passion and love for our products. Your opinion matters a lot to us. Maybe even more than you realize. After all, you are the ones who give meaning to these products. We give birth to the valve; you give it a life. So, we listen carefully to what you have to say and we are grateful for what we can learn from you, hence our slogan "In valves we trust".
